**“ WHERE THEORY ENDS AND ACTUALIZATION BEGINS”**

Greetings my brothers and sisters,

July 12, 2007

I am writing this letter to all of you to help you have an understanding of the direction in which I have chosen to take with our Art and the BKF.

You may have received a letter from the Executor of Protocol Shihan Mikael Shabazz concerning the BKF. This letter was sent out on my behalf and reflects my thoughts and words.

In 2006, I had the distinct honor of being acknowledged as the founder of my own system of martial arts and was bestowed the title of Sijo. I have come to understand that along with this honor comes great responsibility. I have embraced this responsibility by taking on the Presidency of the BKF and have prepared myself for the challenges ahead.

It is my objective to create a new vision for the organization that will lead us in a positive direction. Several projects are in the works which includes:

- ☯ A complete DVD library of our system of martial arts
- ☯ A United States promotional tour to promote the art and the organization
- ☯ A historical documentary on the BKF
- ☯ A brand new style of tournament sparring, being used in major tournaments across the United States, that is sponsored and credited to the BKF
- ☯ A seminar camp at Disneyworld with a world wide web cast.

These are part of this new exciting direction just to name a few. Along with all of this, we are also building alliances around the world with other renowned martial arts organizations.

As mentioned in Mikael's letter dated July 7, 2007, we will honor what was old and celebrate what is new at an event in Las Vegas NV on July 21, 2007, all BKF members old or new are should attend. A new time is upon us to take charge and become leaders to preserve the history and assure the future of the organization.

For all of you that are ready to come aboard, first of all thank you for believing in me and I am looking forward to working together. I do understand that this direction may not be one that some of you are prepared to take. I sadly will bid you farewell and wish you the best in life. I ask you to do the same for the organization, step a side and wish us well.

In the near future you will see posted on the web site information regarding the rules and regulation, by-laws, mission statement, rank promotion application, membership application, yearly due fees, school requirements, membership discount privileges, along with a family tree of my black belts that will clearly state the proper rank I and the organization recognize them to be. As you can see, there is a lot to look forward to and a lot of work to do.

Until I see you, be strong my brother and sisters.

Sincerely,

Sijo Steve Muhammad  
Wu Shur Shin Chuan Fa  
President, BKF
